

CB - Bug #2114

Backend: Super-Admins can not edit themselves

30 November 2010 04:39 PM - krileon

Status:	Closed	Start date:	30 November 2010
Priority:	Urgent	Due date:	
Assignee:	beat	% Done:	100%
Category:		Estimated time:	1:00 hour
Target version:	CB 1.3.1		
Description			
When attempting to edit ones self in backend the super admin is presented with a permissions error. Appears present in all releases. Seems something regarding J1.5 ACL was adjusted? All adjustments should've been J1.6 specific.

```
$cms_admins = $this->mapGroupNamesToValues( array( 'Administrator', '
```

```
Superadministrator' ) );
```
