<b>Description</b> As discussed and described in these 2 threads: <a href="http://www.joomlapolis.com/forum/147-potential-bug/178368-confirmed-bug-resend-confirmation#178368">http://www.joomlapolis.com/forum/147-potential-bug/178368-confirmed-bug-resend-confirmation#178368</a> <a href="http://www.joomlapolis.com/forum/154-advanced-members-support/176994-re-resend-confirmation-email-not-working">http://www.joomlapolis.com/forum/154-advanced-members-support/176994-re-resend-confirmation-email-not-working</a>			

### History

#### #1 - 28 October 2011 11:16 PM - beat

- Subject changed from Investigate backend workflows with new Confirmation Resend CB 1.7 feature to Backend: with new Confirmation Resend CB 1.7 feature confirmed then unconfirmed users don't get correct link to confirm
- Status changed from New to Closed
- Assignee set to beat
- Target version set to CB 1.7.1
- % Done changed from 0 to 100
- Estimated time set to 1:00 h

Fixed in r1593 .

#### #2 - 01 November 2011 05:01 PM - krileon

- File 2864.patch added

r1593 moves the activation code generation function too far up where \$this->id doesn't exist yet. The attached patch places it directly below where \$this->id is generated for new users, it can't be moved any further up except outside of the if ( \$result ) check, which won't matter as the user creation failed if that if check fails.

#### #3 - 01 November 2011 09:17 PM - beat

r1619 fixes this finally.
