

CB Paid Subscriptions - Bug #8078

Substitution [SUBSCRIPTION_VALIDITY_PERIOD_REMAINING] substitutes to the total period of the current subscription instead of the remaining time

29 June 2020 08:52 PM - beat

Description			
https://www.joomlapolis.com/forum/255-developer-members-support/242670-subscription-validity-period-remaining-generating-wrong-value#319359			
<p>Using this substitution string in the CBSubs Mailer returns the total subscription validity period, not the validity period remaining.</p> <p>I defined a test mailer as "90 days before" Subscription expiry date, on all my annual (one year) plans The email subject:</p> <p>[SUBSCRIPTION_EXPIRY_DATE] - [SUBSCRIPTION_VALIDITY_PERIOD_REMAINING]</p> <p>The [SUBSCRIPTION_VALIDITY_PERIOD_REMAINING] values were all "1 year" - not the difference between the expiration date and today's date, which is what I expected.</p> <p>Confirmed, was always so.</p> <p>Should probably be renamed into [SUBSCRIPTION_VALIDITY_PERIOD] and see how we can have a reasonable time-left display for [SUBSCRIPTION_VALIDITY_PERIOD_REMAINING].</p>
